1. The copyright to this article (including any supplementary information and graphic elements therein (e.g. illustrations, charts, moving images) (the 'Article') is hereby assigned for good and valuable consideration to [American Aging Association] (the 'Assignee'), effective with the conclusion of this agreement or the acceptance of the Article for publication, whichever is later. Headings are for convenience only.
2. Grant of Rights.
In consideration of the Assignee evaluating the Article for publication, the Author(s) grant the Assignee without limitation the exclusive (except as set out in clauses 3, 4 and 5 a) iv), assignable and sub-licensable right, unlimited in time and territory, to copy-edit, reproduce, publish, distribute, transmit, make available and store the Article, including abstracts thereof, in all forms of media of expression now known or developed in the future, including pre- and reprints, translations, photographic reproductions and extensions. The Assignee may use the Article (including the use of any graphic elements on a stand-alone basis) in whole or in part in electronic form, such as use in databases or data networks (e.g. the internet) for display, print or download to stationary or portable devices. This includes interactive and multimedia use as well as posting the Article in full or in part or its abstract on social media, and the right to alter the Article to the extent necessary for such use. The Assignee may also let third parties share the Article in full or in part or its abstract on social media and may in this context sub-license the Article and its abstract to social media users/ Author(s) grant to Assignee the right to re-license Article metadata without restriction (including but not limited to author, name title, abstract, citation, references, keywords and any additional information as determined by Assignee).
3. Self-Archiving.
Author(s) are permitted to self-archive a pre-print and an author's accepted manuscript version of their Article.
a) a pre-print is the author's version of the Article before peer-review has taken place ("Pre-Print"). Prior to acceptance for publication, Author(s) retain the right to make a Pre-Print of their Article available on any of the following: their own personal, self-maintained website; a legally compliant, non-commercial pre-print server such as but not limited to arXiv and bioRxiv. Once the Article has been published, the Author(s) should update the acknowledgement and provide a link to the definitive version on the publisher's website: "This is a pre-print of an article published in GeroScience. The final authenticated version is available online at: [https://doi.org/\[insert DOI\]](https://doi.org/[insert DOI])"

b) An Author's Accepted Manuscript ("AAM") is the version accepted for publication in an journal following peer review but prior to copyediting and typesetting that can be made available under the following conditions:

- (i) Author(s) retain the right to make an AAM of their Article available on their own personal, self-maintained website immediately on acceptance
- (ii) Author(s) retain the right to make an AAM of their Article available for public release on any of the following: their employer's internal website; their institutional and/or funder repositories.
AAMs may also be deposited in such repositories immediately on acceptance.

An acknowledgement in the following form should be included, together with a link to the published version on the publisher's website: "This is a post-peer-review, pre-copyedit version of an article published in GeroScience. The final authenticated version is available online at: [https://doi.org/\[insert DOI\]](https://doi.org/[insert DOI])"

4. Author(s)' Retained Rights

Author(s) retain the following non-exclusive rights for the published version provided that, when reproducing the Article or extracts from it, the Author(s) acknowledge and reference first publication in the Journal:

- a) to reuse graphic elements, created by the Author(s) and contained in the Article, in presentations and other works created by them;
- b) they and any academic institution where they work at the time may reproduce the Article for the purpose of course teaching (but not for inclusion in course pack material for onward sale by libraries and institutions);
- c) to reproduce, or to allow a third party Assignee to reproduce the Article in whole or in part in any printed volume (book or thesis) written by the Author(s).

5. Warranties

The Author(s) warrant and represent that:

- a) (i) the Author(s) are the sole owners or have been authorized by any additional copyright owner(s) to assign the rights, defined in clause 2,
(ii) the Article does not infringe on any intellectual property rights (including without limitation copyright, database rights or trade mark rights) or other third party rights and no license from or payments to a third party are required to publish the Article,
(iii) the Article has not been previously published or licensed,
(iv) if the Article contains material from other sources (e.g. illustrations, tables, text quotations), Author(s) have obtained written permissions to the extent necessary from the copyright holder(s), to license to eh Assignee the same rights as set out in Clause 2 but on a non-exclusive basis and without the right to use any graphic elements on a stand-alone basis and have cited any such material correctly;
- b) all of the facts contained in the Article are according to the current body of science true and accurate;
- c) nothing in the Article is obscene, defamatory, violates any right of privacy or publicity, infringes any other human, personal or other rights of any person or entity or is otherwise unlawful and that informed consent to publish has been obtained for all research participants;

- d) nothing in the Article infringes any duty of confidentiality which any of the Author(s) might owe to anyone else or violates any contract, express or implied, of any of the Author(s), and all of the institutions in which work recorded in the Article was created or carried out have authorized and approved such research and publication; and
- e) the signatory (the Author or the employer) who has signed this agreement has full right, power and authority to enter into this agreement on behalf of all the Author(s) including where applicable any government entity or the Crown.

6. Cooperation

The Author(s) shall cooperate fully with the Assignee in relation to any legal action that might arise from the publication of the Article, and the Author(s) shall give the Assignee access at reasonable times to any relevant accounts, documents and records within the power or control of the Author(s). The Author(s) agree that the distributing entity is intended to have the benefit of and shall have the right to enforce the terms of this agreement.

7. Author List

After signing, changes of authorship or in the order of the authors listed will not be accepted unless formally approved of by the Assignee.

8. Edits & Corrections

The Author(s) agree(s) that the Assignee may retract the Article or publish a correction or other notice in relation to the Article, if the Assignee considers in its reasonable opinion that such actions are appropriate from a legal, editorial or research integrity perspective.

9. Governing Law

This agreement shall be governed by, and shall be construed in accordance with, the laws of Switzerland. The courts of Zug, Switzerland shall have the exclusive jurisdiction.

Signed for and on behalf of the Author(s):
